

## 2024 Timothy Oke Award

2024  
Timothy Oke Award

The IAUC is pleased to announce the call for nominations for the 2024 'Timothy Oke Award' for **Original Research in the Field of Urban Climatology**. The Timothy Oke Award was established in 2020 and is given annually to early- and mid-career researchers who have conducted original research with high impact in the field of urban climate science. Nominations should thus focus on a particularly relevant study or collection of papers and their impact. Eligible candidates should be approximately 3-12 years after PhD and will be assessed in accordance with their career stage. Nominations for candidates which fall outside these guidelines should be justified. The IAUC is committed to promoting equality and diversity. Therefore, we particularly encourage nominations for suitable candidates from under-represented groups.

The person making the nomination will act as the coordinator to put together a nomination package (details given below). Self-nominations are not permitted, and current Awards Committee members can only be nominated if they step back from their role on the Committee for the period that the nomination is active. Complete nomination packages should be submitted (as a single electronic submission) to the IAUC Awards Committee Chair, **Prof Zhiwen (Vincent) Luo: [luoz18@cardiff.ac.uk](mailto:luoz18@cardiff.ac.uk) by Friday 19 July 2024.**

Timothy Oke Award Nomination Process:

- Inform the Awards Committee Chair of the intent to nominate an individual. The intent to nominate should be communicated via email to the Awards Committee Chair by **Friday 21 June 2024.**
- Nomination materials should be collected by the coordinator (i.e. the person notifying the Awards Committee Chair that a particular individual will be nominated).
- The coordinator should collect and submit the following documentation in a single pdf file:
  - a one-page cover letter from the nomination coordinator (optional)
  - a three-page candidate-CV
  - three letters of recommendation (of no more than two pages in length) from IAUC members from at least two different countries. The nomination coordinator can, but does not have to, provide one of the letters of recommendation. Any individual providing a letter of support should do so for a maximum of one candidate for the Timothy Oke Award in each year.
  - Complete packages should reach the Awards Committee Chair by **Friday 19 July 2024.**

The IAUC Awards committee will then recommend the names of up to three recipients for consideration and approval by the IAUC Board. Nominations made this year will only be considered for the 2024 award but can be updated and resubmitted in subsequent years.

Previous winners of the Timothy Oke Award:

- 2023 Prof. Zhihua Wang, Arizona State University, USA
- 2023 Dr. Negin Nazarian, University of New South Wales, Australia
- 2023 Assistant Prof. Ariane Middel, Arizona State University, USA
- 2023 Assistant Prof. Lei Zhao, University of Illinois – Urbana Campaign, USA
- 2022 Associate Professor Dan Li, Boston University, USA
- 2021 Professor Benjamin Bechtel, Ruhr-University Bochum, Germany
- 2021 Associate Professor Leena Järvi, University of Helsinki, Finland
- 2021 Dr Iain Stewart, Global Cities Institute, University of Toronto, Canada
- 2020 Assistant Professor Scott Krayenhoff, University of Guelph, Canada
- 2020 Associate Professor Chao Ren, University of Hong Kong, Hong Kong
